The production will employ approximately 275 New Mexico crew members and 2,200 New Mexico background and extras.

"We are happy to welcome Warner Bros. back for a third season of *Roswell, New Mexico*. *Roswell, New Mexico* is based on the *Roswell High* book series, written by Melinda Metz.

After reluctantly returning to her hometown of Roswell, New Mexico, the daughter of undocumented immigrants discovers a shocking truth about her teenage crush, who is now a police officer: He's an alien who has kept his unearthly abilities hidden his entire life. She protects his secret as the two reconnect and begin to investigate his origins, but when a violent attack and long-standing government cover-up point to a greater alien presence on Earth, the politics of fear and hatred threaten to expose him and destroy their deepening romance.
